

POLLINATION ROLE-PLAY SCRIPT

Write a script for a role-play about pollination. Use as many frames as you need to.

Here are some questions for you to consider.

- How does the flower attract the bees?
- How is the bee suited to pollinating flowers?
- What will happen after pollination?
- What would happen if there were no bees?

Vocabulary you must use:

stamen nectar petal pollen pollination sepal carpel bee

Vocabulary you may use:

stigma style ovary
