

Dissect your flower, placing each part carefully onto the double-sided sticky tape. Once you've finished, stick the finished strip into your book.

Challenge 1:

- Label the parts of your dissected flower.
- Copy and complete the paragraph on Resource Sheet 1.

Challenge 2:

- Label the parts of your dissected flower.
- Add the descriptions of what the parts do from Resource sheet 2.

Challenge 3:

- Label your dissected flower using the key and extension vocabulary.
- Use annotations to describe the functions of the parts.
